25

Very soon we will have a pleasure to welcome you at Wrocław University of Science and Technology. We want you to feel comfortable and at ease. Hence, we've prepared some information, which might be helpful.

Wrocław University
of Science and Technology

About us

Wrocław University of Science and Technology is the leading scientific and educational center in Poland. Its position among technical universities in both Europe and the rest of the world is increasing every year. Development of the University is confirmed by research potential, didactics at the highest level, innovation and also cooperation with industry. The University educates specialists who are valued and sought after in the labor market.

Prof. Arkadiusz Wójs, DSc, PhD, Eng.

RECTOR

Professor Arkadiusz Wójs is a leading researcher in theoretical and computational solid-state physics. He has authored six books, including "Quantum Dots" (Springer-Verlag, 1998) with over 1,200 citations in Scopus, and "Quantum Hall Systems" (Oxford University Press, 2003).

Open learning center

With many locations throughout the campus, there's something for everyone. Need a break? Visit Building C-18, where you'll find a student culture zone with options to grab a coffee or enjoy a meal. Nearby, you'll also find an open learning center, perfect for quiet computer work. Curious to explore? Take a stroll around the campus and discover the unique features of each building!

Public Transportation

Everything within Reach Traveling Made Easy

Wrocław has a well-developed public transportation infrastructure, making travel around the city incredibly easy and fast, despite the absence of a metro system. During peak hours, you can take advantage of tram connections to avoid traffic jams. If an opportunity arises, taking a bus is also a convenient option. Tickets can be purchased directly on board the bus or tram. In the Urbancard office, you can also purchase season tickets which are significantly cheaper.

Sightseeing

Wrocław is one of the oldest cities in Poland, located in Lower Silesia by the Oder river. Its origins date back to the 9th century, when a Slavic settlement called Wrotizla was founded. Throughout its history, Wrocław was the capital of the Duchy of Wrocław and one of the most important cities in Silesia. In the 13th century, the city obtained its city rights, and in the 17th century, it became one of the largest Protestant centers in Europe.

City hall of Wrocław

Sky-tower

Today, Wrocław is a dynamic city that is famous for its numerous monuments, such as the Cathedral of St. John the Baptist, Ostrów Tumski, the Centennial Hall, and the Grunwaldzki Bridge. Wrocław is also a university city. There are universities in the city that offer education in the fields of medicine, health and sport engineering, finance, music, fine arts, natural sciences and humanities.

The Infocentrum is a free tourist information office, providing assistance in learning about the history of Wrocław and effectively planning one's time. Services include guidance in selecting attractions based on interests, as well as the provision of maps and informational brochures. An animated history of Wrocław is available at the office, offering insights into the visited places and their historical timelines. Services at the Infocentrum are offered in multiple languages, including English and German.

FAQ

01

What currency is used in Poland? Can I pay with Euro? Is it better to make payments in cash or by card?

The official currency in Poland is the Polish złoty [PLN], commonly known as the "złotówka", and it is used as the only currency in commercial transactions. There is no possibility of payment in Euro, but currency exchange offices can be found in cities. The preferred form of payment in Wrocław is by credit card, but it's worth having some cash on hand in smaller towns.

02

How to get to the Wrocław University of Science and Technology campus from the airport?

There are several options: The cheapest one is public transportation which runs from the airport to the main railway station in Wrocław. During the day, choose line 106, and at night, choose 206, then transfer to any tram/bus going towards the Pl. Grunwaldzki bus/tram stop. You can also take a taxi or Uber. The bus fare is around 10 PLN, while for a taxi it's around 55 PLN.

03

Is the International Relations Office located on the main campus of the Wrocław Tech

No, our office is located on the other side of the Odra river. The easiest way to get there is by using the cable car called „Polinka”.

04

What kind of weather can I expect and what should I wear?

Temperatures can fluctuate between 15-25 degrees while the summer semester and between -10 to +15 degrees during the winter semester. It is a good idea to bring a rainproof or windproof jacket as the weather can be often unpredictable. Take comfortable shoes with you as they will come in handy during all-day sightseeing. This time will surely be memorable for you, but your feet don't have to remind you of it!

Do not Forget!

To bring

- promotional materials of your university with you! They will be useful during the student fairs. (if applicable)

To bring

- local delicacies from your country!
- (if required)

To make sure

- your passport or ID card will be valid during your stay here!

To prepare

- informations and slideshow about your university! (if required)
